What is HOPES@DPU

- **The project aimed to help and prepare 120 participants which graduated from Post-Secondary schools with low-grade to enrol Diploma (or Bachelor) degree at DPU after passing an intensive two terms (Pressional course).**

- **This course is designed to provide participants with basic knowledge in (English Language, Kurdish Language, ICT, Mathematics) in term1. While, Term 2 will include more advance cores according to the chosen department and field by students.**

- **Each module assessed according to identified mark scheme to ensure that student's skills and knowledge are equivalent to DPU standard requirements.**

Registration to HOPES@DPU

- First stage, choosing participants began with carrying out a survey to collect information about Post-Secondary school graduations with low grade, this step helped us to specify the number of potential participants.
- The next stage is focused of the chosen group to identify which field is preferable by potential participants and what are already available at DPU.
- Distributing the chosen candidate to 3 sites according to their desire.
